Keg pumps traditionally involve manual effort to move the beer from the keg to your glass, but CO2 taps like the bestselling Leland Picnic Tap are becoming more popular. With the addition of gas from the CO2 cartridge, you get a perfect pour without the physical labor of pumping.

Beer Keg Taps - Picnic & Party Pumps

A gas regulator contains a manual adjusting screw or knob to regulate the amount of pressure supplied to the keg. A properly adjusted and functioning gas regulator is critically important to maintaining the proper level of CO2 in the beer, too much CO2 gas pressure may add CO2 to the beer and cause foaming problems and too little CO2 gas ...
