By now, it seems pretty clear that using e-cigarettes, or vaping, is bad for your lungs. But research about exactly how vaping affects the lungs is in the initial stages, says Johns Hopkins lung cancer surgeon Stephen Broderick. "In the last 24 to 36 months, I've seen an explosive uptick of patients who vape," reports Broderick.

HIPAA now makes it easier for citizens to obtain copies of their health data, to check their health records for errors, and to share their records with whoever they wish. HIPAA also sets standards for protecting health data to make it harder for health information to be accessed by individuals who had no right to view the information.
