The Asd Workbook Understanding Your

Current reading education relies on methods that do not work for children on the spectrum with the result that the majority never gain the ability to read with fluency or understanding. However, the innovative content and methods of ASD Reading enable the children to achieve success - even when they are non-verbal (i.e., non-speaking).

About ASD Reading - Reading Books, Programs & Activities ...

Most of us know about the seven senses - sight, hearing, smell, taste, touch, vestibular, and proprioception. There is also a lesser-known sense, the eighth sense, called interoception. This sense helps a person understand what is going on inside of the body like hunger, thirst, feeling hot or cold, fatigue, or a full bladder. It also affects the ability to...

Joint engagement happens when an adult and child interact together while focusing on the same object. Research shows a strong link between a child's communication development and the amount of time they spend in joint engagement with adults. Find out how you can encourage joint engagement with children on the autism spectrum during fun, everyday interactions.

Encouraging Joint Engagement with Children with ASD

3 Things You Should Know About Echolalia. By Lauren Lowry Hanen Certified SLP and Clinical Staff Writer . Many children with autism spectrum disorder (ASD) use echolalia, which means they repeat others' words or sentences. They might repeat the words of familiar people (parents, teachers), or they might repeat sentences from their favourite video.

3 Things You Should Know About Echolalia
