The Rules For Disappearing 1

A quorum is the minimum number of members of a deliberative assembly (a body that uses parliamentary procedure, such as a legislature) necessary to conduct the business of that group. According to Robert's Rules of Order Newly Revised, the "requirement for a quorum is protection against totally unrepresentative action in the name of the body by an unduly small number of persons."

A forced disappearance (or enforced disappearance) is the secret abduction or imprisonment of a person by a state or political organization, or by a third party with the authorization, support, or acquiescence of a state or political organization, followed by a refusal to acknowledge the person's fate and whereabouts, with the intent of placing the victim outside the protection of the law.

Forced disappearance - Wikipedia

The following question remains unaddressed regarding text disappearing from cells in Excel. If there were a useful question in the "response", I'd be glad to provide more data, but I can't think of what else to add. Perhaps it is useful to know that some of the strings were relatively short, while others were very long.

[SOLVED]

Honeybees have thrived for 50 million years, each colony 40 to 50,000 individuals coordinated in amazing harmony. So why, seven years ago, did colonies start dying en masse? Marla Spivak reveals four reasons which are interacting with tragic consequences. This is not simply a problem because bees pollinate a third of the world's crops. Could this incredible species be holding up a mirror for us?
