Serious Adverse Events. This section defines other serious adverse events as events "other than death but including the serious adverse events temporally associated with or preceding the It is true that the structure and definitions provided in the E3 guideline could result in deaths appearing in Section 12.3.1.2 (as per E3 numbering),

E3 Step 5 Questions and Answers

Ear stapling for weight loss isn't likely to work — and it poses a serious risk of infection. Ear stapling is based loosely on the principles of acupuncture, which involves stimulating certain points with fine needles. With acupuncture of the ear, the needles are typically left in place for only a short time.

Ear stapling for weight loss: Does it work? - Mayo Clinic

Listeriosis can cause a variety of symptoms, depending on the person and the part of the body affected. Listeria can cause fever and diarrhea similar to other foodborne germs, but this type of Listeria infection is rarely diagnosed. Symptoms in people with invasive listeriosis, meaning the bacteria has spread beyond the gut, depend on whether the person is pregnant.

Scientific Revolution, drastic change in scientific thought that took place during the 16th and 17th centuries. A new view of nature emerged during the Scientific Revolution, replacing the Greek view that had dominated science for almost 2,000 years. Science became an autonomous discipline, distinct from both philosophy and technology, and it came to be regarded as having utilitarian goals.
