Hello, HP's printer technicians screwed up my new
I have an older Hp Pavilion Elite e9180t PC that I used in my software consulting business. It works great even though I ordered it in 2009. This was a hot rod in its day, costing over $2000. It would be a great starter for someone needing more than the basics for school or a business. Hooked up and working. No mask, no sale.
