first-generation immigrant students expressed a stronger sense of belonging at school than other students, while students without an immigrant background and second-generation immigrant students expressed a similar sense of belonging. In a second group of countries, which includes Argentina, Denmark, France and Mexico, second-generation

Helping immigrant students to succeed at school - and beyond

Full Text. Assimilation describes the process by which a minority integrates socially, culturally, and/or politically into a larger, dominant culture and society. The term assimilation is often used in reference to immigrants and ethnic groups settling in a new land. Immigrants acquire new customs and attitudes through contact and communication with a new society, while they also introduce some ...
