TNM staging system - Wikipedia

The UICC TNM Project has published the 8th Edition of the TNM Classification of Malignant Tumours that comes into effect on January 1, 2017. Since some organizations may not be ready to adopt the new classification, we recommend that the edition of the TNM classification be always included in data reporting.

TNM Classification of Malignant Tumours - 8th edition ...

The M refers to whether the cancer has metastasized. This means that the cancer has spread from the primary tumor to other parts of the body. When your cancer is described by the TNM system, there will be numbers after each letter that give more details about the cancer—for example, T1N0MX or T3N1M0.
